Pacific

Bottle

The 26 oz. Pelican Pacific™ Water Bottle is a stylish and practical way for those who want to stay hydrated throughout each day's adventures whether at the park, the office, in the car or on the court. Built with sustainability in mind, the inner and outer vacuum sealed walls are made from recycled 18/8 stainless steel and the vacuum insulation and copper lining will help keep your iced drinks cold for 30 hours. The Pelican Pacific™ features a leak-resistant screw-top lid with straw spout so it's easy to sip your beverage without unscrewing the lid or worry about spills, and the ergonomic swing handle makes it easy to carry with you. It also has a removable silicone base that provides extra stability and protection from bumps and scrapes, a durable and protective powder-coat finish and will fit most car cup holders. FDA compliant and BPA Free.
