

## 2000 SabreLite™

This powerful flashlight was designed with one thing in mind: SAFETY. It carries a variety of approvals, allowing safe use in many different hazardous environments and conditions. The SabreLite is o-ring sealed with a twist-on shroud and comes with a polarity battery guard tray that safeguards against dangerous "outgassing" of hydrogen from an accidentally reversed cell. It is powered by 3 C alkaline cells, submersible, and has an ABS resin body which resists chemicals, corrosion, and extreme temperatures. Unlike ordinary flashlights that produce a yellow beam, the SabreLite's incredibly bright Xenon lamp produces a powerful white beam. Pelican's SabreLite is the leader in quality and performance.

- Built Pelican tough
- Submersible
- Super bright Xenon beam
- Unconditional Lifetime Guarantee of Excellence

### DIMENSIONS

<b>Length</b>	7.79" (19.8 cm)
---------------	-----------------

### MATERIALS

<b>Body</b>	EXL
<b>O-Ring</b>	Ethylene Propylene
<b>Lens</b>	Nylon
<b>Shroud</b>	Xenoy
