

2010 SabreLite™

The SabreLite™ 2010 LED is Pelican's flagship LED flashlight. LED technology produces a white collimated beam that's as bright as an incandescent flashlight and provides 10,000 hours of lamp life and extended battery burn time. The rugged, light weight ABS resin body is submersible and a twist on/off lens shroud eliminates accidental discharge. It is powered by 3 C alkaline cells. The SabreLite 2010 Flashlight is the future of LEDs.

- As bright as a Xenon light with the battery life of an LED
- Built Pelican tough
- Submersible
- Super bright LED beam
- Twist on/off activation
- Unconditional Lifetime Guarantee of Excellence
