

## 1970

Stay trim and powerful in the dark. With 139 blinding bright lumens and a true penlight size and shape, the new Pelican™ 1970 is the slimmest and brightest penlight in the industry.

Engineered with an aluminum core and ABS overmolded plastic, the Pelican™ 1970 penlight can survive tough work environments, yet is slim enough to snap into the available helmet mount or hold with your teeth. The Pelican™ 1970 penlight activates with a click of the tail switch or light pressure for momentary use.

The Pelican™ 1970 penlight: Make the dark your pen pal.
