

7110 Tactical Flashlight

Don't let low battery power freeze you in your tracks. Our new Pelican[™] 7110 tactical light is compatible with 1 AA or 1 CR123 battery, giving you choices to reload with more battery options to keep the mission going. The power is up to you. The Pelican[™] 7110 is loaded with high, strobe, medium and low mode options that can be programmed in five different combinations. A full time battery level indicator and armored with a type III hard anodized finish, the Pelican[™] 7110 can take a hit and will never keep you guessing in the dark.

- Type III hard anodized finish
- Ultra Compact and Lightweight
- Full Time Battery Level Indication
- Will run on AA or CR123 batteries
- Up to 445 lumens (with 1x CR123 battery)
- Four programmable modes (High / Strobe / Medium / Low)
- Five selectable programs
